      <div class="full-width">
        <h2>A little bit about me.</h2>
        <div class="half-width">
          <p>I've made my home base in Murrieta, California, with my
loving family.
            My journey into tech started with a degree in information
technology. As I started my
            journey in networks, I was fascinated with how easily I
could learn different aspects of computing.
            I was hooked and wanted to learn how to build my own site
to fit my own specific needs.</p>
        </div>
        <div class="half-width">
          <p>That curiosity then opened a door that could never be
shut. When I learned how to
```

```
                build my first website, I realized I found something that
gave me the freedom &amp;
                versatility I was looking for in my work. Now I've made a
full switch to front-end
                development, where I can use my organization skills and
eye for detail to write clean,
                elegant code.</p>
        </div>
      </div>
    </section>
